Attention

Robert Robertson Esq

Gentlemen

On arriving home to-day and examining the  
casts of the shetel and half shetel I note that  
you made up two casts of the face that bears  
the cup or chalice, but you omitted to include  
a cast of the obverse side that bears the torii  
with three beads of the shetel. The half shetel  
is complete. Would you be kind enough to make  
me a cast of the united face, which would  
be much appreciated by me. Advise me if you

desire me to return the duplicate card

Very truly yours

Dear Mr. Krahe:

Shortly after you left yesterday the penny of the Empire Chapter came to hand. I beg to acknowledge with thanks the receipt of this. I think you have succeeded in getting out one of the best Chapter pennies that has been made.

Very truly yours,

HW:JG

Gentlemen

Enclosed you will find two leaflets in connection with the Chapter Penny raised by Empire Chapter with your kind cooperation

I am also in receipt of the photographs of the shukla enclosed with your letter of November 24<sup>th</sup>, if it would not be asking too much I would like to <sup>know</sup> if you Mr R. Robertson would print at his convenience another set of photographs. there is no particular hurry about this second set, but it is plan to hold this

second set in reserve, in case there is a mis-  
hap to the first of which we intend to make  
up electors — and I feel that it would be best  
to have one set in reserve.

With many thanks —

Very truly yours —
